

A handwritten signature in dark ink, appearing to be "C. J. F." with a stylized flourish at the end.

AUSTIN, TEXAS

Dear Dr. Freis:

Though my congratulations are belated, I've just now learned that you've received the Albert Lasker Medical Research Award for Clinical Research. I was proud to know of this latest honor and well-deserved recognition.

I will always remember with gratitude and admiration your help and many kindnesses. Mrs. Johnson joins me in warm best wishes.

Sincerely,

A handwritten signature in dark ink, appearing to be "C. J. F." with a stylized flourish at the end.
